Job Description

Job Title: Academic Support Specialist
Reports to: Director of Academic Support

Job Summary:

The Academic Support Specialist is primarily responsible for the evaluation of incoming transcripts from accredited colleges and universities. Researching and analyzing course descriptions and transfer of credit policies to determine transfer of credit eligibility; performing data entry and record retrieval from the college document imaging system are priorities.

The Academic Support Specialist is also responsible for focusing on on-boarding, outreach, and support for new students. Identifying a new student cohort each year, assisting new students through the admissions and enrollment process, guiding students to the appropriate pathway and counselor, and continued outreach to new students related to success, academic support, college resources and services, and the new student experience are priorities. The Academic Support Specialist also serves as support to the Welcome Center. Responding to questions about the college, greeting and directing all students and visitors, and assisting students with enrollment, registration, and financial aid questions are priorities. The Academic Support Specialist maintains a broad understanding of the college by being knowledgeable about the college organization, campuses, programs, publications, services, and personnel.

The Academic Support Specialist is expected to accomplish assigned duties in an efficient, effective, and competent manner, and to strive for improvement and excellence in all work performed. Additionally, Cisco College employees are asked to demonstrate a commitment to the comprehensive role of the community college as stated in the College Mission and to work harmoniously with College personnel and the public. All Cisco College personnel are expected to follow College policies, rules, regulations, and guidelines that relate to this position.

Primary Duties:

1. Evaluates and awards credit for college level transfer work, international baccalaureate, advanced placement, and college level exam placement score reports, and military credit.
2. Researches and analyzes course descriptions and transfer of credit policies to determine transfer of credit eligibility; performs data entry and record retrieval from the college document imaging system.
3. Greets, assists, and directs students and visitors to appropriate offices, services, resources, or classrooms.
4. Provides support to the Cisco College Welcome Center. This includes checking student accounts, assisting with enrollment or registration processes, and providing support to student retention processes.
5. Manages a student sign-in/scheduling software.
6. Provides knowledgeable assistance to students with financial aid questions using the college's information and computer systems.
7. Answers calls to the general Abilene campus telephone number using a multi-line phone and directs calls as needed to appropriate offices.
8. Responds to student and faculty questions.
9. Communicates with identified students regarding support services and other resources to support student success and learning.
10. Communicates with new college applicants by email or phone regarding admission and enrollment steps and processes, new student processes such as registration, and college services and resources to support student success and retention.
11. Works with the Director of Academic Support to implement and evaluate processes, information, and programs and/or services for new student cohorts.
12. Provides support to Counselors/Advisors and other academic support areas.
13. Assists with campus tours for prospective students.
14. Maintains copy machines and other general office items as needed.
15. Performs other duties as assigned.
16. Communicates regularly with the Director of Academic Support Services and assists the Director in reviewing the efficiency of the Welcome Center and updating or implementing customer service processes as needed.

**Minimum Qualifications**

1. Excellent interpersonal skills and demonstrated professionalism.
2. Excellent verbal and written communication skills.
3. Excellent computer skills.
4. Ability to gain new technological skills as may be required by changing technology.
5. Ability to maintain confidentiality.
6. Willingness to innovate and engage a varied student population, including communication and outreach in all formats, individually and in groups.

**Preferred Qualifications**

1. Associate Degree or experience in a business or educational setting.
