

**In order to mitigate the spread of the COVID-19 virus, Cisco College is moving all face-to-face classes online for the duration of the spring 2020 semester. Residence halls on the Cisco Campus will be closed for the remainder of the spring 2020 semester.**

All face-to-face classes will resume remotely (i.e. online,) beginning March 23, 2020. We are working diligently to ensure the transition to online learning occurs smoothly. We appreciate your patience during these challenging times.

As we monitor circumstances regarding the COVID-19 outbreak in the state and across the country, our priority remains the safety and well-being of our students and the campus community. The risk to Cisco College students remains low. To date, TDHS is reporting no cases of COVID-19 in our area. We will continue to assess risks to our community regularly and take steps to help mitigate the potential of COVID 19 community spread. We continue to follow guidance from the [Centers for Disease Control and Prevention \(CDC\)](#), and the [Texas Department of State Health Services](#). As a result, we will be implementing the following steps to decrease the risk of community spread of the COVID 19, and protect the health of our community:

The following schedule has been established for students to come to campus to check out of the residence halls and move their belongings:

**Check out, Move out Schedule**
