

Carl Bray

Physics and Math Professor
Cisco College

Education

Degree: Master of Science
Date: August 15, 1975
Major : Physics
Name of University: East Texas State University

Degree: Bachelor of Science
Date: May 12, 1973
Major: Physics Minor: Chemistry
Name of University: East Texas State University

Additional Coursework

Name of Course: Math 5043
Date Taken: Fall 1988
Course Description: Survey of Math Lit.
Name of University: Tarleton State University

Name of Course: CIS 5013
Date Taken: Spring 1988
Course Description: Computer Base Info System
Name of University: Tarleton State University

Name of Course: Math 5053
Date Taken: Fall 1987
Course Description: Nonparametric Stat
Name of University: Tarleton State University

Name of Course: Math 5013
Date Taken: Spring 1987
Course Description: Method and Tech in Teach Math
Name of University: Tarleton State University

Name of Course: Math 5033
Date Taken: Fall 1986
Course Description: Structure of the Real Number System
Name of University: Tarleton State University

Carl Bray

Physics and Math Professor
Cisco College

Teaching Experience

Title: Math and Physics Instructor

Dates Held: 1976 to present
Full Time

Name of College: Cisco Junior College

Courses Taught:

College Physics: started the college physics program in Abilene

Physical Science: Started this program for Cisco Junior College

Engineering Physics:

College Algebra

Intermediate Algebra

Trig

Calculus 1

Calculus 2

Calculus 3

Professional Development

I have attended the Physics portions of the Texas Community College Teachers Association since I began working for CJC.

Professional Memberships

Texas Community College Teachers Association.
