INDEPENDENT AUDITOR'S REPORT

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the business-type and fiduciary activities of Cisco College District (the "District"), as of and for the years ended August 31, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type and fiduciary activities of Cisco College District as of August 31, 2023 and 2022, and the respective changes in financial position, and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* (*Government Auditing Standards*), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Change in Accounting Principle

As described in **Note 21** to the financial statements, in the fiscal year ended August 31, 2023, the District adopted new accounting guidance, GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis on pages 5-9, Schedule of District's Proportionate Share of the Net Pension Liability, Schedule of District's Contributions for Pensions, Schedule of District's Proportionate Share of the Net OPEB Liability, and Schedule of District's Contributions for OPEB on pages 40-43 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supporting schedules (Schedules A-F), including the schedule of expenditures of federal awards as required by Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for the purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial

statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supporting schedules, which include the schedule of expenditures of federal awards, are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section (organizational data) but does not include the basic financial statements and our auditor's report thereon. Our opinion on the basic financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or whether the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2023, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Required Supplementary Information**

Cisco College District

MANAGEMENT'S DISCUSSION AND ANALYSIS

August 31, 2023

The following discussion of Cisco College District's (the "District") financial reports presents our analysis and insight into the District's financial performance for the fiscal year ended August 31, 2023, including some comparative information with the fiscal years ended August 31, 2022 and 2021. Please read it in conjunction with the transmittal letter preceding this report and the District's financial statements, which follow this report.

The Basic Financial Statements

The annual financial report consists of a set of financial statements and reports as required by Government Accounting Standards Board (GASB) Statement No. 34 for a government engaged in business-type activities. These basic financial statements appear in Exhibits 1-3 and in the Notes to the Financial Statements. The basic financial statements consist of the following four elements: a Statement of Net Position; a Statement of Revenues, Expenses, and Changes in Net Position; a Statement of Cash Flows; and the Notes to the Financial Statements. These statements are presented in a government-wide format, which means all of the funds of the District are combined into a single report. A brief explanation of the purpose of each of the components of the basic financial statements is set out below.

The Statement of Net Position shows the combined assets of the District, as well as the combined liabilities. The difference in the total assets and the total liabilities is the net position, which is broken out into its various components. The information shown in this statement is a snapshot of the District's accounts on August 31 of the year indicated. This is important data in determining the viability of the school and in determining the District's overall financial strength.

The Statement of Fiduciary Net Position shows the assets and liabilities related to funds held and maintained by the District in a fiduciary capacity.

The Statement of Revenues, Expenses, and Changes in Net Position shows the results of the fiscal year's operations. Revenues and expenses are arranged by their functional classifications so that a year-to-year comparison will show relevant trends. The information in this statement will assist in evaluating the District's performance for the year concluded.

The Statement of Cash Flows shows the sources and uses of cash for the fiscal year. It is divided into several categories: operating activities, non-capital financing activities, capital financing activities, and investing activities. Upon review of the cash flow statement, a person knowledgeable in using this statement can determine an institution's ability to generate future cash flows, and its ability to meet financial obligations.

The Notes to the Financial Statements provide the required disclosures to comply with GASB pronouncements and other relevant information that a user might find helpful in understanding the District's financial statements as a whole.

Analysis of the District's Overall Financial Position and Results of Operations

Tables 1 and 2 provide a summarization of significant financial data from the Statements of Net Position and information concerning the District's results of operations for the past three years. The Deferred Resource Outflows and Inflows both increased in FY 2023. Student tuition and fees remained a major source of revenue for 2023. Other Operating Revenues increased by \$421,425 due to additional state grants and increases to the room and board revenue. Institutional Support expenses, as well as the Federal Revenue, decreased significantly from 2022 to 2023 due to the depleting CARES Act funding.

Significant Capital Assets and Long-Term Debt Activity

Note 5 to the financial statements is a summary of the current fiscal year's capital asset activity. A review of this data shows a net increase to capital assets of \$92,501. Changes to capital assets during the year include furniture, machinery, vehicles, buildings, and other equipment.

Note 6 to the financial statements is a composite of the District's long-term liabilities for the current and previous fiscal years. There was a reduction to the Revenue Bonds and Notes for payments made during the year. There was also an increase to the Net Pension Liability and a decrease to the Net OPEB Liability due to GASB Statement No. 68 and GASB Statement No. 75. There was an increase in lease liabilities due to GASB No. 87 implemented in FY 2022 and GASB No. 96 implemented in FY 2023.

Discussion of Other Facts, Decisions, and Conditions

The District will begin the process of converting to a new Enterprise Resources Planning (ERP) Student Information System (SIS) during fiscal year 2024. This transition to a new ERP system is a significant investment in the District's operating systems and will strengthen processes across the District, and improve services to students, faculty, and staff. This investment further supports the District's strategic plan goals relative to continuous improvement in technology, instructional programs, student support, and operating processes across the District. The expected outcomes from these improvements include enrollment growth, improved student retention rates, and improved quality of services.

The District continues to be aggressive in the enhancement of current programs and the development of new and innovative programs. Partnerships with business and industry leaders continue to expand the District's capacity to start new programs. For example, a partnership with RAM Inc. – a company that manufactures high-performance thermoplastic has created an opportunity for the District to begin offering Computer Numerical Controls (CNC) training program. The CNC program begins in the Spring, 2024. Additional programs and steps to grow enrollment and net revenue include the following:

- Career and Technical program enhancements
- Phasing out underperforming programs
- Improvements in course scheduling
- Implementation of degree program pathways (student retention and enrollment)
- Enhancements in Marketing and Public Relations
- Enhancements in Distance Education
- Development of a centralized Grants Development and Management program.

House Bill 8 New Funding Model for Texas Community Colleges

With the passage of HB 8, Texas has reformed its community college finance system to align policy and funding incentives with the rapidly changing needs of the workforce. The new funding model provides funding for investments in the college's capacity. The new funding model considers taxable property values and the dramatic difference in the funding colleges can generate on their own. For the District, the rural college metric will significantly improve the financial position and the long-term viability for the District to remain responsive to the workforce needs of the Big Country region.

Lastly, the return to manageable enrollment growth will largely depend on the economic factors that continue to impact community college enrollment across the state. The District's Executive Council and Strategic Planning Committee is preparing for future growth as the economy continues to reset and the need for skilled workers in critical health care and industrial sectors returns to above pandemic levels.

The District remains strong and in a good strategic position to grow student enrollment and expand infrastructure and capital improvements. Partnerships with local and regional four-year universities, business and industry leaders, and over thirty high schools across the region will most certainly continue to grow as economic factors improve.

Contacting Cisco College District's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the Chief Financial Officer: Cisco College District, 101 College Heights, Cisco, Texas 76437.

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

Note 1: Reporting Entity

Cisco College District (the "District") was established in 1940 in accordance with the laws of the State of Texas to serve the educational needs of Cisco and the surrounding communities. The District is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement 14. While the District receives funding from local, state, and federal sources, and must comply with the spending, reporting, and recordkeeping requirements of these entities, it is not a component unit of any other governmental entity.

The Board of Regents (the "Board"), a nine-member group, is the level of government that has governance responsibilities over all activities related to the education of students who attend the District. The Board members are elected by the public and have decision-making authority, the power to designate management, the responsibility to significantly influence operations, and primary accountability for the fiscal matter concerning the District. The District has two campuses, Cisco and Abilene, which offer a wide variety of general academic and vocational courses in a two-year curriculum.

Note 2: Summary of Significant Accounting Policies

The significant accounting policies followed by the District in preparing these financial statements are in accordance with the Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for Texas Public Community Colleges. The District applies all applicable GASB pronouncements. The District is reported as a special-purpose government engaged in business-type activities.

Tuition Discounting

Texas Public Education Grants

Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set-aside, called the Texas Public Education Grant (TPEG), is shown with tuition and fee revenue amounts as a separate set-aside amount (Texas Education Code 56.033). When the award is used by the student for tuition and fees, the amount is recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Title IV, Higher Education Act Program Funds

Certain Title IV HEA Program funds are received by the District to pass through to students. These funds are initially received by the District and recorded as revenue. When the award is used by the student for tuition and fees, the amount is recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Other Tuition Discounts

The District awards tuition and fee scholarships from institutional funds to students who qualify. When these amounts are used for tuition and fees, the amount is recorded as a tuition discount. If the amount is dispersed directly to the student, the amount is recorded as a scholarship expense.

Basis of Accounting

The financial statements of the District have been prepared on an accrual basis, whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

Budgetary Data

Each community college in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The District's Board of Regents adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget and subsequent amendments must be filed with the Texas Higher Education Coordinating Board, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits and short term investments with original maturities of three months or less from the date of acquisition. Restricted cash and cash equivalents are held for federal programs, debt payments and debt reserves, and funds held for others.

Deferred Outflows

In addition to assets, the District is aware that the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. Governments are permitted only to report deferred outflows in circumstances specifically authorized by the GASB. A typical deferred outflow for community colleges is a deferred charge on refunding debt.

Investments

In accordance with GASB Statement No. 72, *Fair Value Measurement and Application*, investments are reported at fair value. Fair values are based on published market rates. Short-term investments have an original maturity greater than three months but less than one year at a time of purchase. The governing board has designated public funds investment pools comprised of \$1,103,066 and \$1,046,464 at August 31, 2023 and 2022, respectively, to be short-term investments. Long-term investments have an original maturity of greater than one year at the time of purchase.

Inventories

Inventories consist of consumable scholarship book stock. Inventories are valued at the lower of cost under the "first-in first-out" method, or net realizable value and are charged to expense when consumed.

Investments in Real Estate

Investments in real estate represents real estate that was donated to the District. The real estate is carried at fair market value as determined at the date of donation. Any variance in fair market value subsequent to date of donation is not considered to be material.

Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair value at the date of donation. For equipment, the District's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life in excess of one year. Renovations to buildings, infrastructure and land improvements that significantly increase the value or extend the life of the structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are charged to operating expenses in the year in which the expense is incurred.

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

Depreciation is computed using the straight-line method over the estimated useful lives of the assets applying the half-year convention. The following lives are used:

Asset Type	Years
Buildings	50
Facilities and other improvements	20
Library books	20
Furniture, machinery, vehicles, and other equipment	10
Telecommunications and peripheral equipment	5

Right-of-use lease assets resulting from public-private and/or public-public partnership (PPP) arrangements that qualify as leases are amortized over the shorter of the lease term or the useful life of the underlying asset.

Right-of-use subscription assets resulting from qualifying subscription-based information technology arrangements (SBITAs) are amortized over the subscription term.

Other Postemployment Benefits (OPEB)

The District participates in the Employee's Retirement System of Texas (ERS) post-employment health care plan, a multiple-employer cost-sharing defined benefit plan with a special funding situation. The fiduciary net position of ERS has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, and information about assets, liabilities, and additions to/deductions from ERS's fiduciary net position. Benefit payments (including refunds of employer contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Pensions

The District participates in the Teacher Retirement System of Texas (TRS) pension plan, a multiple-employer cost-sharing defined benefit pension plan with a special funding situation. The fiduciary net position of TRS has been determined using the flow of economic resources measurement focused on the full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, pension expense, and information about assets, liabilities, and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Unearned Revenues

Tuition and fees of \$4,018,703 and \$3,665,270 and federal, state, and local grants of \$319,177 and \$44,953 have been reported as unearned revenues as of August 31, 2023 and 2022, respectively.

Deferred Inflows

In addition to liabilities, the District is aware that the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so is not recognized as an inflow of resources (revenues) until that time. Governments are permitted to report deferred inflows in circumstances specifically authorized by the GASB.

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Operating and Non-Operating Revenue and Expense Policy

The District distinguishes operating revenues and expenses from non-operating items. The District reports as a Business Type Activity and as a single, proprietary fund. Operating revenues and expenses generally result from providing services in connection with the District's principal ongoing operations. The principal operating revenues are tuition and related fees. The major non-operating revenues are state appropriations and property tax collections. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. The operation of the bookstore, campus maintenance, food services, and technology are outsourced and not performed by the District.

Noncurrent Long-Term Liabilities

Noncurrent long-term liabilities include bonds payable, note payable, leases, and any premiums or discounts associated with these debts that will not be paid within the next fiscal year.

Receivables

Receivables consist of tuition and fees charged to students and charges for auxiliary enterprises' sales and services. Receivables also include amounts due from the Federal government, and state and local governments. Receivables are recorded net of estimated uncollectible amounts.

Net Position

The District's Net Position includes the following:

Net investment in capital assets – This represents the District's total investment in capital assets, net of outstanding debt obligations related to those assets.

Restricted – nonexpendable net position – Nonexpendable restricted includes endowments and similar type assets whose use is limited by donors or other outside sources and as a condition of the gift, the principal is to be maintained in perpetuity.

Restricted – expendable net position – Expendable restricted includes resources in which the District is legally or contractually obligated to spend the resources in accordance with restrictions imposed by external parties.

Unrestricted net position – All other net positions that do not meet the definition of the "restricted" or "net investment in capital assets".

It is the District's policy to first use restricted net position prior to the use of unrestricted net position when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Note 3: Authorized Investments

The District is authorized to invest in obligations and instruments as defined in the Public Funds Act (Sec. 2256.001 Texas Government Code). Such investments include (1) obligations of the United States or its agencies, (2) direct obligations of the State of Texas or its agencies, (3) obligations of political

CISCO COLLEGE DISTRICT

subdivisions rated not less than A by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

Note 4: Deposits and Investments

Cash and Deposits

Cash and Deposits included in Exhibit 1, Statements of Net Position, consist of the items reported below at August 31,:

	<u>2023</u>	<u>2022</u>
Bank Deposits		
Demand and savings deposits	\$ <u>5,633,061</u>	\$ 5,451,747
Total Bank Deposits	<u>5,633,061</u>	5,451,747
Other Cash and Cash Equivalents		
Petty cash on hand	7,275	7,275
Money market accounts	93	146,496
Investment pools	<u>1,103,066</u>	<u>1,046,464</u>
Total Other Cash and Cash Equivalents	<u>1,110,434</u>	<u>1,200,235</u>
Total Cash and Deposits	<u>\$ 6,743,495</u>	<u>\$ 6,651,982</u>

Reconciliation of Deposits to Exhibit 1:

	<u>2023</u>	<u>2022</u>
Per Note 4:		
Total bank deposits	\$ <u>5,633,061</u>	\$ 5,451,747
Total other cash and cash equivalents	<u>1,110,434</u>	<u>1,200,235</u>
Total	<u>6,743,495</u>	<u>6,651,982</u>
Per Exhibit 1:		
Unrestricted:		
Cash and cash equivalents	5,642,310	5,376,422
Restricted:		
Cash and cash equivalents	<u>1,101,185</u>	<u>1,275,560</u>
Total	<u>\$ 6,743,495</u>	<u>\$ 6,651,982</u>

As of August 31, 2023, Cisco College District had the following investments and maturities:

Investment Type	Fair Value	Investment in Maturities (in Years)		
		Less than 1	1 to 2	2 to 3
U.S. Treasury securities	\$ 147,110	\$ -	\$ -	\$ 147,110
Certificates of deposit	550,000	-	227,898	322,102
Total Fair Value	<u>\$ 697,110</u>	<u>\$ -</u>	<u>\$ 227,898</u>	<u>\$ 469,212</u>

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

As of August 31, 2023, the carrying amount of the District's bank balances was \$2,944,249. Bank balances of \$250,000 were covered by Federal Depository Insurance. Bank balances of \$2,694,249 were covered by securities held by the bank in the District's name.

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

Fair Value of Financial Instruments

The three levels of the fair value of hierarchy are as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the government can access at the measurement date.

Level 2 inputs are inputs other than quoted prices included with Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for the asset or liability.

The fair value hierarchy of investments at August 31, 2023 follows:

Description	Fair Value Measurements at Reporting Date Using					FY2022
	(Level 1)	(Level 2)	(Level 3)	Total		
Treasury securities	\$ 147,110	\$ -	\$ -	\$ 147,110	\$	-
Certificates of deposit	550,000	-	-	550,000		350,000
Total	<u>\$ 697,110</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 697,110</u>	<u>\$</u>	<u>350,000</u>

Credit Risk

This is the risk that an issuer of an investment will be unable to fulfill its obligations. The rating of securities by nationally recognized rating agencies is designed to indicate credit risk. It is the District's policy to limit its investments to those investments that are fully insured or collateralized from a bank in the State of Texas and under the term of written depository agreement, obligations of the United States government, its agencies,, and instrumentalities and government-sponsored enterprises, or Texas Local Government Investment Pools. As of August 31, 2023, the District's investment pools were rated A1 by Standard and Poor's.

Interest Rate Risk

This is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the District requires at least half of the investment portfolio to have maturity of less than one year on a weighted average maturity basis.

Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. The District is not exposed to foreign currency risk.

Concentration of Credit Risk

This is the risk of loss attributed to the magnitude of the District's investment in a single issuer (i.e., lack of diversification). Concentration risk is defined as positions of 5 percent (5%) or more in the securities of a single issuer. It is the District's policy to not allow for a concentration of credit risk. Investments issued by the U.S. Government and investments in investment pools are excluded from the 5 percent (5%) disclosure requirement. The District is not exposed to a concentration of credit risk.

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

Note 5: Capital Assets

Capital asset activity for the year ended August 31, 2023, was as follows:

Long-term liability activity for the year ended August 31, 2022, was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>	<u>Current Portion</u>
Leases, Bonds and Notes:					
Leases and subscriptions	\$ -	\$ 268,103	\$ 62,810	\$ 205,293	\$ 61,807
Revenue bonds and notes	<u>3,920,000</u>	<u>63,600</u>	<u>765,000</u>	<u>3,218,600</u>	<u>790,900</u>
Total Leases, Bonds and Notes	<u>3,920,000</u>	<u>331,703</u>	<u>827,810</u>	<u>3,423,893</u>	<u>852,707</u>
Other Liabilities:					
Net pension liability	3,417,692	-	1,862,791	1,554,901	-
Net OPEB liability	<u>12,586,818</u>	<u>521,167</u>	<u>-</u>	<u>13,107,985</u>	<u>-</u>
Total Other Liabilities	<u>16,199,598</u>	<u>532,784</u>	<u>1,862,791</u>	<u>14,869,591</u>	<u>-</u>
Total Long-Term Liabilities	<u>\$ 19,924,510</u>	<u>\$ 852,870</u>	<u>\$ 2,690,601</u>	<u>\$ 18,086,779</u>	<u>\$ 852,707</u>

On December 6, 2011, the District issued \$8,295,000 in consolidated fund revenue refunding bonds to provide the resources to place in an escrow account to generate resources for future debt service payments of \$8,435,000 of consolidated fund revenue and refunding bonds issued in 2002. Interest rates on the debt range from 2.0% to 4.0% and mature on July 1, 2026. As a result, the refunded bonds are considered defeased and the liability has been removed from the financial statements. The bonds were refunded on April 7, 2021.

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

On May 23, 2013, the District issued \$1,585,000 in consolidated fund revenue refunding bonds to provide the resources to place in an escrow account for the purpose of generating resources for future debt service payments of \$1,500,000 of consolidated fund revenue and refunding bonds issued in 2002. Interest rates on the debt are 1.89% and mature on July 1, 2026. As a result, the refunded bonds are considered defeased and the liability has been removed from the financial statements. The reacquisition price exceeded the net carrying amount of the refunded debt by \$130,729 (net of issuance costs and premiums). This advance refunding was undertaken to reduce total debt service payments over the life of the new issue versus the refunded issue by \$350,000 and resulted in an economic gain of \$219,331. The bonds outstanding as of August 31, 2023 is \$370,000 and are scheduled to mature on August 31, 2026.

On April 7, 2021, the District issued \$3,960,000 for the purpose of providing funds to (a) acquire, purchase, construct, improve, renovate, enlarge, equip, operate, and/or maintain any property, buildings, structures, activities, operations, or facilities, of any nature, for and on behalf of the District owned and operated by the District, to wit, (b) construct and equip instructional and support service facilities for the District's Abilene Educational Center and (c) to renovate existing facilities for dormitory purposes (the "Outstanding Projects"). The Outstanding Projects remain in service and have not been sold or otherwise disposed of by the District. The bonds outstanding as of August 31, 2023 is \$2,010,000 and are scheduled to mature on August 31, 2026.

The District has pledged the following source revenues as security for the bonds: (a) pledged tuition and fees totaling the mathematical product of \$15 multiplied by the number of students regularly enrolled at the District for each regular school semester thereof and the product of \$7.50 multiplied by the number of students regularly enrolled in the District for each of the two summer school terms thereof; (b) building use fees; (c) educational service fees meaning the gross collections of a special fee charged and collected from all students enrolled at the District's Abilene Educational Center for the use of facilities; (d) the out-of-district fees; (e) the operating fees for any charges for use of the District's facilities in addition to items (a) through (f); (f) the gross revenues from the Auxiliary Enterprise fund of the District; (g) earnings of the District on all investments lawfully available for this purpose; (h) all monies deposited to the District's revenue and interest and sinking funds for the purpose of the Bonds and all investment income derived from such deposits; (i) all monies deposited to the District's reserve fund for the purpose of the Bonds and all investment income derived from such deposits; (j) and any other income, receipts, or other resources permitted by law with the exception of any revenues appropriated by the State of Texas unless prior approval has been given by the Texas Higher Education Coordinating Board.

On January 20, 2022, the District purchased a 20.91 acre tract of land from the Cisco Independent School District. The District signed a note payable to CISD in the amount of \$63,600 payable in four equal installments of \$15,900 with no interest charged. The note is scheduled to mature on January 20, 2026.

Note 7: Debt and Lease Obligations

Debt service requirements at August 31, 2023 were as follows:

Fiscal Year Ending August 31,	Principal	Interest	Total Requirement
2024	\$ 800,900	\$ 27,696	\$ 828,596
2025	810,900	18,579	829,479
2026	815,900	9,315	825,215
	<u>\$ 2,427,700</u>	<u>\$ 55,590</u>	<u>\$ 2,483,290</u>

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

Obligations under leases as of August 31, 2023 were as follows:

Fiscal Year Ending August 31,	Principal	Interest	Total Requirement
2024	\$ 90,679	\$ 8,932	\$ 99,611
2025	89,283	6,363	95,646
2026	91,913	3,732	95,645
2027	74,323	1,107	75,430
	<u>\$ 346,198</u>	<u>\$ 20,134</u>	<u>\$ 336,332</u>

Lease obligations consisted of the following as of August 31, 2023:

- Monthly (48 months) copier lease maturing in April 2027; monthly payments of \$5,054; discount rate of 3.68%.
- Monthly (16 months) copier lease maturing in December 2023; monthly payments of \$495; discount rate of 2.76%.
- Monthly (16 months) copier lease maturing in December 2023; monthly payments of \$496; discount rate of 2.79%.
- Annual (5 years) athletic facility lease maturing in August 2027; annual payments of \$35,000; discount rate of 1.6%.

The District does not capitalize any lease obligations with an original term of less than one year.

Obligations under subscription-based information technology arrangements as of August 31, 2023 were as follows:

Fiscal Year Ending August 31,	Principal	Interest	Total Requirement
2024	\$ 9,895	\$ 1,571	\$ 11,466
2025	10,267	1,200	11,467
2026	10,652	815	11,467
2027	11,052	415	11,467
	<u>\$ 41,866</u>	<u>\$ 4,001</u>	<u>\$ 45,867</u>

Subscription-based leases consisted of the following as of August 31, 2023:

- Annual (5 years) software lease maturing in August 2027; annual payments of \$11,467; discount rate of 3.69%.

The District does not capitalize any subscription-based leases with an original term of less than one year.

As of August 31, 2023 and 2022, the District was in compliance with all material aspects of the bond indentures and other debt covenants.

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

Note 8: Ad Valorem Tax

The District's ad valorem property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District.

Fiscal Year Ending August 31,	2023	2022
Assessed Valuation of the District	\$ 758,727,725	\$ 568,014,525
Less: Tax Ceilings	(54,191,885)	(45,441,815)
Less: Exemptions	(634,800)	(554,100)
Net Assessed Value of the District	<u>\$ 703,901,040</u>	<u>\$ 522,018,610</u>

Fiscal Year Ending August 31,	2023			2022		
	Current Operations	Debt Service	Total	Current Operations	Debt Service	Total
Authorized tax rate per \$100 valuation	\$ 0.5000	\$ 0.5000	\$ 1.0000	\$ 0.5000	\$ 0.5000	\$ 1.0000
Assessed tax rate per \$100 valuation	\$ 0.2040	\$ N/A	\$ 0.2040	\$ 0.2540	\$ N/A	\$ 0.2540

Taxes levied for the year ended August 31, 2023 and 2022 totaled \$1,533,820 and \$1,416,111, respectively. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the following year in which imposed.

Taxes Collected	2023 Current Operations	2022 Current Operations
Current taxes collected	\$ 1,507,752	\$ 1,397,179
Delinquent taxes collected	15,246	24,776
Penalties and interest collected	15,732	17,064
Total Collections	<u>\$ 1,538,730</u>	<u>\$ 1,439,019</u>

Tax collections for the year ended August 31, 2023 and 2022 were 98.53% and 98.67% of the actual tax levy. Allowances for uncollectible taxes are based on historical experience in collecting property taxes. The use of tax proceeds is restricted to either maintenance and operations or general obligation debt service.

Note 9: Risk Management

The District is exposed to various risks of loss related to liability, property, and errors and omissions. These exposures to loss are handled by commercial insurance. The District has self-insured arrangements for coverage in the areas of unemployment compensation and workers' compensation. Unemployment compensation is on a pay-as-you-go basis and workers' compensation is handled by a risk management fund that specializes in handling college and school district workers' compensation claims. Accrued liabilities are generally based on actuarial valuation and represent the present value of unpaid expected claims. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage.

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

Note 10: Employee Retirement Plan

The State of Texas has joint contributory retirement plans for almost all of its employees. TRS issues suggested footnote disclosures for pension plans resulting from the implementation of GASB Statement No. 68. The TRS sample footnotes are displayed below and can also be obtained from the TRS website. Certain revisions, including additions and deletions, have been made to the TRS suggested footnote disclosures below to achieve appropriate disclosure for community colleges.

Teacher Retirement System of Texas

Plan Description

The District participates in a cost-sharing, multiple-employer defined benefit pension plan that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). TRS's defined benefit pension plan is established and administered in accordance with the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard workload and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Pension

Detailed information about the TRS's fiduciary net position is available in a separately issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained on the internet at:

<https://www.trs.texas.gov/TRS%20Documents/acfr-2022.pdf> or by writing to TRS at 1000 Red River Street, Austin, Texas 78701-2698; or by calling (512) 542-6592.

Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using a 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic cost of living adjustments (COLAs). Ad hoc post-employment benefits changes, including ad hoc COLAs, can be granted by the Texas Legislature, as noted in the plan description above.

Contributions

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution, which requires the Texas legislature to establish a member contribution rate of not less than 6.0% of the member's annual compensation and a state contribution rate of not less than 6.0% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements if, as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action.

Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 12 of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and established employee contribution rates for fiscal years 2022 through 2026.

<u>Contribution Rates</u>	<u>2023</u>	<u>2022</u>
Member	8.0%	8.0%
Non-employer contributing entity (State)	8.0%	7.75%
Employers	8.0%	7.75%
 FY2022 District or member contributions	 \$463,834	
FY2022 State of Texas on-behalf contributions	\$220,769	
FY2022 District or college contributions	\$262,980	

District contributions to the TRS pension plan in 2023 were \$291,711 as reported in the Schedule of District's Contributions for Pensions in the Required Supplementary Information section of these financial statements. Estimated State of Texas on-behalf contributions for 2023 were \$245,412.

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Public junior colleges or junior college districts are required to pay the employer contributions rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50% of the state contribution rate for certain instructional or administrative employees and 100% of the state contribution rate for all other employees.
- In addition to the employer contributions listed above, when employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

Net Pension Liability (Asset)

Actuarial Assumptions

The total Pension Liability in the August 31, 2022 actuarial valuation was determined using the following actuarial assumptions:

Valuation date	August 31, 2022
Actuarial cost method	Individual Entry Age Normal
Asset valuation method	Fair Value
Actuarial assumptions:	
Single discount rate	7.00%
Long-term expected investment rate of return*	7.00%
Municipal bond rate*	3.91%
Last year ending August 31 in 2016 to 2116	
projection period (100 years)	2121
Inflation	2.3%

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

Salary increases including inflation	2.95% to 8.95%
Payroll growth rate	2.90%
Benefit changes during the year	None
Ad hoc post-employment benefit changes	None

**Source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index."*

**The municipal bond rate used is 3.91% as of August 2022 (i.e. the rate closest to but not later than the Measurement Date). Source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index."*

The actuarial methods and assumptions were selected by the board of trustees based on analysis and recommendations by the system's actuary. The board of trustees has sole authority to determine the actuarial assumptions used for the plan. The actuarial methods and assumptions were primarily based on a study of actual experience for the four years ending August 31, 2021 and were adopted in July 2022.

The actuarial assumptions and methods have been modified since the determination of the prior year's Net Pension Liability. These new assumptions were adopted in conjunction with an actuarial experience study. The primary assumption change was the lowering of the single discount rate from 7.25 percent to 7.00 percent.

Minor benefit revisions have been adopted since the prior valuation. These changes, which are not expected to have a significant impact on plan costs for FY2022, are provided for in the FY2022 Assumed Per Capita Health Benefit Costs. There were no benefit changes for HealthSelect retirees and the dependents for whom Medicare is primary.

Discount Rate

The discount rate used to measure the total pension liability was 7.00 percent. The single discount rate was based on the expected rate of return on pension plan investments of 7.00 percent. The projection of cash flows used to determine the single discount rate assumed that contributions from active members and those of the contributing employers and the non-employer contributing entity will be made at the rates set by the Legislature during the 2019 session. It is assumed that future employer and state contributions will be 8.50% of payroll in fiscal year 2020 gradually increasing to 9.55% of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term rate of return on pension plan investments is 7.00 percent. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the TRS' target asset allocation as of August 31, 2022, is summarized below:

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (7.00%) in measuring the 2022 Net Pension Liability.

	1% Decrease (6.00%)	Current Rate (7.00%)	1% Increase (8.00%)
District's proportionate share of the net pension liability (asset)	\$ 5,748,457	\$ 3,695,282	\$ 2,031,086

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At August 31, 2023, the District reported a liability of \$3,695,282 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction in State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the collective net pension liability	\$ 3,695,282
State's proportionate share that is associated with the District	<u>2,041,710</u>
Total	<u>\$ 5,736,992</u>

The net pension liability was measured as of August 31, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2021 through August 31, 2022.

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

At the measurement date of August 31, 2022, the employer's proportion of the collective net pension liability was 0.0062244259%, which was an increase of 0.0001187456% from its proportion measured as of August 31, 2021.

For the year ended August 31, 2023, the District recognized pension expense of \$2,948,392 and revenue of \$2,948,392 for support provided by the State.

At August 31, 2023, the District reported its proportion share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual economic experience	\$ 53,581	\$ 80,564
Changes in actuarial assumptions	688,551	171,606
Difference between projected and actual investment earnings	1,435,765	1,070,683
Changes in proportion and difference between the employer's contribution and the proportionate share of contributions	43,037	273,535
Contributions paid to TRS subsequent to the measurement date	291,711	-
	<u>2,512,645</u>	<u>-</u>
Total	\$ <u>2,512,645</u>	\$ <u>1,596,388</u>

The net amounts of the employer's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense below as follows:

Year ended August 31:	Pension Expense Amount
2024	\$ 440,974
2025	44,138
2026	(22,596)
2027	397,425
2028	56,316
Thereafter	-
Total	\$ <u>916,257</u>

Optional Retirement Plan – Defined Contribution Plan

Plan Description

Participation in the Optional Retirement Program is instead of participation in the Teacher Retirement System. The Optional Retirement Program provides for the purchase of annuity contracts and operates under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C.

Funding Policy

Contribution requirements are not actuarially determined but are established and amended by the Texas legislature. The percentages of participant salaries currently contributed by the state and each participant are 6.60% and 6.60% for 2022 and 2021. The District does not contribute to employees who were participating in the Optional Retirement Program before September 1, 1995. Benefits fully vest after one year plus one day of employment. Because these are individual annuity contracts, the state has no

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

additional or unfunded liability for this program. S.B. 1812, effective September 1, 2013, limits the amount of the state's contribution to 50% of eligible employees in the reporting district.

The retirement expense to the State for the District was \$93,526 and \$100,618 for the fiscal years ended August 31, 2023 and 2022, respectively. This amount represents the portion of expended appropriations made by the State Legislature on behalf of the District (totaling \$46,763 and \$50,309 for 2023 and 2022, respectively).

The total payroll for all District employees was \$8,254,907 and \$8,173,039 for fiscal years 2023 and 2022, respectively. The total payroll for employees covered by the Teacher Retirement System was \$6,374,302 and \$5,797,924, and the total payroll for employees covered by the Optional Retirement Program was \$1,417,071 and \$1,524,528 for fiscal years 2023 and 2022, respectively.

Note 11: Deferred Compensation Program

District employees may elect to defer a portion of their earnings for income tax and investment purposes according to authority granted in Government Code 609.001. The plan is essentially an unfunded promise to be paid by the employer to each of the plan participants.

Note 12: Compensated Absences

Full-time employees earn annual leave from ten (10) days per year for 1-9 years of service to fifteen (15) days per year for 10+ years of service. The District's policy is that an employee may carry his accrued leave forward from one fiscal year to another fiscal year with the maximum number of days up to the number of days earned in two years. Employees with at least six months of service who terminate their employment are entitled to payment for all accumulated annual leave up to the maximum allowed. The District recognized the accrued liability for the unpaid annual leave of \$239,285 and \$206,705 at August 31, 2023 and 2022, respectively. Sick leave, which can be accumulated without limit, is earned at the rate of one day per month. It is paid to an employee who misses work because of illness or to the estate of an employee in the event of his/her death. The District's policy is to recognize the cost of sick leave when paid. The liability is not shown in the financial statements since experience indicated the expenditure for sick leave to be minimal.

Note 13: Health Care and Life Insurance Benefits

Certain health care and life insurance benefits for active employees are provided through an insurance company whose premiums are based on benefits paid during the previous year. The state recognizes the cost of providing these benefits by expending the annual insurance premiums. The state's total contributions for the years ended August 31, 2023 and 2022 were \$846,432 and \$846,432 respectively. The cost of providing those benefits was \$2,447,974 and \$2,373,166 for retirees and active employees for fiscal years 2023 and 2022, respectively. The cost of providing those benefits for retirees is not separable from the cost of providing benefits for active employees.

Note 14: Other Post-Employment Benefits (OPEB)

State Retiree Health Plan – Defined Benefit Plan

Plan Description

The State Retiree Health Plan (SRHP) is a cost-sharing multiple employer post-employment health care plan with a special funding situation. This plan covers retired employees of the State, and other entities as specified by the State legislature in accordance with Chapter 1551, Texas Insurance Code. Benefit and contribution provisions of the State Retiree Health Plan are authorized by State law and may be amended by the Texas Legislature.

OPEB Plan Fiduciary Net Position

Detailed information about the GBP's fiduciary net position is available in the separately issued ERS Comprehensive Annual Financial Report (CAFR) which includes financial statements, notes to the financial statements, and required supplementary information. That report may be obtained on the internet at:

That report may be obtained on the internet at <https://ers.texas.gov/About-ERS/reports-and-studies/reports-on-overall-ers-operations-and-financial-ma/2022-acfr> or by writing to ERS at: 200 East 18th Street, Austin, Texas 78701; or by calling (877) 275-4377.

Benefits Provided

Retiree health benefits offered through the GBP are available to most State of Texas retirees and their eligible dependents. Participants need at least ten years of service credit with an agency or institution that participates in the GBP to be eligible for GBP retiree insurance. The GBP provides self-funded group health (medical and prescription drug) benefits for eligible retirees under HealthSelect. The GBP also provides a fully insured medical benefit option for Medicare-primary participants under the HealthSelect Medicare Advantage Plan and life insurance benefits to eligible retirees via a minimum premium funding arrangement. The authority under which the obligations of the plan members and employers are established and/or may be amended is Chapter 1551, Texas Insurance Code.

Contributions

Section 1551.055 of Chapter 1551, Texas Insurance Code, provides that contribution requirements of the plan members and the participating employers are established and may be amended by the ERS Board of Trustees. The employer and member contribution rates are determined annually by the ERS Board of Trustees based on the recommendations of ERS staff and its consulting actuary. The contribution rates are determined based on (i) the benefit and administrative costs expected to be incurred, (ii) the funds appropriated and (iii) the funding policy established by the Texas Legislature in connection with benefits provided through the GBP. The Trustees revise benefits when necessary to match expected benefit and administrative costs with the revenue expected to be generated by the appropriated funds.

The following table summarizes the maximum monthly employer contribution toward eligible retirees' health and basic life premium. Retirees pay any premium over and above the employer contribution. The employer does not contribute toward dental or optional life insurance. Surviving spouses and their dependents do not receive any employer contribution. As the non-employer contributing entity (NECE), the State of Texas pays part of the premiums for the junior and community colleges.

Actuarial Assumptions

The total OPEB Liability was determined by an actuarial valuation as of August 31, 2022 using the following actuarial assumptions:

Valuation date	August 31, 2022
Actuarial cost method	Entry Age
Amortization method	Level Percent of payroll, open
Remaining amortization period	30 years
Asset valuation method	N/A
Discount rate	3.59%
Projected annual salary increase (includes inflation)	2.30% to 8.95%
Annual healthcare trend rate	
HealthSelect	5.60% for 2024, 5.30% for 2025, 5% for 2026, 4.75% for 2027, 4.6% for 2029, decreasing 10 basis points per year to an ultimate rate of 4.30% for 2031 and later years
HealthSelect Medicare Advantage	66.67% for 2024, 24% for 2025, 5% for 2026, 4.75% for 2027, 4.6% for 2028, decreasing 10 basis points per year to an ultimate rate of 4.30% for 2031 and later years
Pharmacy	10% for 2024 and 2025, decreasing 100 basis points per year to an ultimate rate of 5% for 2030 and 4.3% for 2031 and later years
Inflation assumption rate	2.30%
Ad hoc post-employment benefit changes	None
Mortality assumptions:	
Service retirees, survivors, and other inactive members	Tables based on TRS experience Ultimate MP Projection Scale from year 2021.
Disability retirees	Tables based on TRS experience with Ultimate MP Projection Scale from the year 2018 using a 3-year set forward and minimum

Source: ERS 2022 Annual Comprehensive Report

Many of the actuarial assumptions used in this valuation were based on the results of actuarial experience studies performed by the ERS retirement plan actuary as of August 31, 2019 and the TRS retirement plan actuary as of August 31, 2021.

Investment Policy

The State Retiree Health Plan is a pay-as-you-go plan and does not accumulate funds in advance of retirement. The System's Board of Trustees adopted the amendment to the investment policy in August 2017 to require that all funds in the plan be invested in short-term fixed-income securities and specify that the expected rate of return on these investments is 2.4%.

Discount Rate

Because the GBP does not accumulate funds in advance of retirement, the discount rate that was used to measure the total OPEB liability is the municipal bonds rate. The discount rate used to determine the total OPEB liability as of the beginning of the measurement year was 2.20%. The discount rate used to measure the total OPEB liability as of the end of the measurement year was 2.14%, which amounted to a decrease of 0.06%. The source of the municipal bond rate was the Bond Buyer Index of general obligation bonds with 20 years to maturity and mixed credit quality. The bonds' average credit quality is roughly equivalent to Moody's Investors Service's Aa2 rating and Standard & Poor's Corp's AA rating. Projected cash flows into the plan are equal to projected benefit payments out of the plan. Because the plan operates on a pay-as-you-go (PAYGO) basis and is not intended to accumulate assets, there is no long-term expected rate of return on plan assets, and therefore the years of projected benefit payments to which the long-term expected rate of return is applicable is zero years.

Discount Rate Sensitivity Analysis

The following schedules show the impact of Cisco College District's proportionate share of the collection net OPEB liability if the discount rate used was 1 percent less than and 1 percent greater than the discount rate that was used (3.59%) in measuring the net OPEB liability.

	1% Decrease (2.59%)	Current Rate (3.59%)	1% Increase (4.59%)
District's proportionate share of the net OPEB liability (asset)	\$ 12,827,782	\$ 10,998,679	\$ 9,535,834

Healthcare Trend Rate Sensitivity Analysis

The initial healthcare trend rate is 5.6% and the ultimate rate is 4.3%. The following schedule shows the impact of the college's proportionate share of the collective net OPEB liability if the healthcare cost trend rate used was 1 percent less than 1 percent greater than the healthcare cost trend rate that was used (5.6%) in measuring the net OPEB liability.

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

	1% Decrease in Healthcare Cost Trend Rates 4.60% decreasing to 3.3%	Current Healthcare Cost Trend Rates 5.60% decreasing to 4.30%	1% Increase in Healthcare Cost Trend Rates 6.60% decreasing to 5.30%
District's proportionate share of the net OPEB liability (asset)	\$ 9,418,856	\$ 10,998,679	\$ 13,015,684

OPEB Liabilities, OPEB Expense, and Deferred outflows of Resources and Deferred Inflows of Resources Related to OPEB

As of August 31, 2023, the District reported a liability of \$10,998,679 for its proportionate share of the ERS's net OPEB liability. This liability reflects a reduction for State support provided to the District for OPEB. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's Proportionate share of the collective net OPEB liability	\$ 10,998,679
State's proportionate share that is associated with the District	8,177,599
Total	<u>\$ 19,176,278</u>

The net OPEB liability was measured as of August 31, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The employer's proportion of the net OPEB liability was based on the employer's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2021 thru August 31, 2022.

At the measurement date of August 31, 2022, the District's proportion of the collective net OPEB liability was 0.03860951%, which is an increase of 0.00207209% from its proportion measured as of August 31, 2021.

For the year ended August 31, 2023, the District recognized OPEB expense of \$297,868 and revenue of \$247,342 for the support provided by the State.

Changes Since the Prior Actuarial Valuation – Changes to the actuarial assumptions or other inputs that affected the measurement of the total OPEB liability since the prior measurement period were as follows:

- The percentage of current retirees and retiree spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and retiree spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
- The proportion of future retirees assumed to cover dependent children.
- The proportion of future retirees assumed to elect health coverage at retirement and proportions of future retirees expected to receive the Opt-Out Credit at retirement.
- Demographic assumptions for Higher Education members, including pre-retirement mortality and post-retirement mortality assumptions, termination, disability, retirement rate assumptions, and assumed salary increases.
- Annual rate of increase in the Patient-Centered Outcomes Research Institute fee payable under the Affordable Care Act.
- Assumed Per Capita Health Benefit Costs and Health Benefit Cost and Retiree Contribution trends have been updated since the previous valuation to reflect recent health plan experience and its effects on our short-term expectations.
- The discount rate assumption was changed from 2.14% to 3.59% as a result of requirements by GASB No. 75 to utilize the yield or index rate for 20-year, tax-exempt general obligation bonds rated AA/Aa (or equivalent) or higher in effect on the measurement date.

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

The valuation reflects the minor benefit changes that will become effective September 1, 2022, since these changes were communicated to plan members in advance of the preparation of this report. These changes, which are not expected to have a significant impact on plan costs for Fiscal Year 2023, are provided for in the Fiscal Year 2023 Assumed Per Capita Health Benefit Costs.

As of August 31, 2023, the District reported its proportionate share of the ERS plan's collective deferred outflows of resources and deferred inflows of resources related to the OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual economic experience	\$ -	\$ 347,022
Changes in actuarial assumptions	646,216	3,399,795
Difference between projected and actual investment earnings	1,897	-
Changes in proportion and difference between the employer's contribution and the proportionate share of contributions	858,956	1,013,039
Contributions paid after the measurement date	201,230	-
Total	\$ <u>1,708,299</u>	\$ <u>4,759,856</u>

The net amounts of the employer's balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended August 31:	OPEB Expense Amount
2023	\$ (700,270)
2024	(873,644)
2025	(676,801)
2026	(530,956)
2027	(269,886)
Thereafter	-
Total	\$ <u>(3,051,557)</u>

Note 15: Pending Lawsuits and Claims

The District could be a party to litigation and claims in the ordinary course of its operations. Since it is not possible to predict the outcome of these matters, no provision for any liability has been made in the financial statements. District management believes that the liability, if any, for any of these matters will not have a material adverse effect on the financial position of the District.

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

Note 16: Disaggregation of Receivables and Payables Balances

Receivables at August 31, 2023 and 2022 were as follows:

	<u>2023</u>		<u>2022</u>
Accounts receivable	\$ 56,834	\$	176,258
Student receivables	1,909,942		1,596,997
Federal receivables	106,693		56,696
Taxes receivable	39,709		33,471
Other receivables	253,243		848,889
Total	\$ <u>2,366,421</u>	\$	<u>2,712,311</u>

Payables as of August 31, 2023 and 2022 are as follows:

	<u>2023</u>		<u>2022</u>
Vendor payables	\$ 399,314	\$	308,285
Accrued payroll	292,672		335,945
Accrued interest	5,641		6,220
Accrued other	(29,175)		(17,359)
Total	\$ <u>668,452</u>	\$	<u>633,091</u>

Note 17: Contract and Grant Awards

Contract and grant awards are accounted for in accordance with requirements of the AICPA Industry Audit Guide, Audits of Colleges and Universities. Revenues are recognized on Exhibit 2 and Schedule A. For federal contract and grant awards, funds expended, but not collected, are reported as Federal Receivables on Exhibit 1. Non-federal contract and grant awards for which funds are expended, but not collected, are reported as Accounts Receivable on Exhibit 1. Contract and grant awards that are not yet funded and for which the institution has not yet performed services are not included in the financial statements. Contract and grant awards funds already committed, e.g., multi-year awards, or funds awarded during fiscal years 2023 and 2022 for which monies have not been received nor funds expended totaled \$125,909 and \$195,991. Of these amounts \$125,909 and \$162,949 were from Federal Contract and Grant Awards; and \$0 and \$33,042 were from State Contract and Grant Awards for the fiscal years ended 2023 and 2022, respectively.

Note 18: Group "Pooled Risk" Self-Insurance Pool

The District is a participant in the Community Colleges of Texas Insurance Association Self-Insurance Program (the "program"). The purpose of the program is to provide statutory benefits for the members' employees through self-insurance workers' compensation prescribed by Texas Revised Civil Statutes Annotated Art. 8309h and Texas Government Code Ch. 791 (the "Interlocal Cooperation Act"). All fund members must be members of the Community Colleges of Texas Insurance Association.

The interlocal agreement between the District and the program is for a term beginning September 1, 2022 and ending August 31, 2023. Either party may terminate the agreement upon 60 days' written notice.

The required contributions for each fund member are based on the prorated percentage of the members' gross payroll compared to the gross payroll of all fund members. The interlocal agreement states that members will have no joint and several liabilities beyond the loss fund maximum contribution payable.

The District's loss fund maximum for the period of the contract was \$37,728 and \$39,654 for the years ended August 31, 2023 and 2022, respectively, and stop loss protection up to a limit prescribed by law was purchased for losses above this amount. The board reserved the right in the interlocal agreement to adjust this stop-loss provision in the event that the fiscal soundness of the fund would justify such an adjustment.

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

and/or result in savings to fund members. All claims are processed and paid by the District through the servicing contractor employed by the fund.

Note 19: Income Taxes

The District is exempt from income taxes under Internal Revenue Code Section 115, Income of States, Municipalities, Etc., although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511(a)(2)(B), Imposition of Tax on Unrelated Business Income of Charitable, Etc. Organizations. The District had no unrelated business income tax liability for the years ended August 31, 2023 and 2022.

Note 20: Donor Restricted Endowments

The District retains in perpetuity: (a) the original value of initial and subsequent gift amounts donated to the Endowment, and (b) any accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure.

The District considers the following factors in deciding to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund,
2. The purposes of the District and the donor-restricted endowment fund,
3. General economic conditions,
4. The possible effect of inflation and deflation,
5. The expected total return from income and appreciation of the investments,
6. Other resources of the District, and
7. The investment policies of the District.

Changes in endowment net assets consist of the following at August 31:

	<u>2023</u>		<u>2022</u>
Endowment net assets, beginning of year	\$ 947,393	\$	944,902
Investment earnings	8,863		2,491
Endowment net assets, end of year	\$ <u>956,256</u>	\$	<u>947,393</u>

The District considers a fund to be underwater if the fair value of the fund is less than the sum of (a) the original value of initial and subsequent gift amounts donated to the fund and (b) any accumulations to the fund that are required to be maintained in perpetuity in accordance with the direction of the applicable donor gift instrument. There were no endowments considered to be underwater as of August 31, 2023 and 2022.

Note 21: New Pronouncements

Accounting Pronouncements Adopted

In May 2020, the GASB issued Statement No. 96, Subscription-Based Information Technology Arrangements, which improves accounting and financial reporting for subscription-based information technology arrangements for government end users. The requirements of this statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. The College has adopted this standard for fiscal year 2023. The effect to net position was not considered material but an adjustment was recorded as of August 31, 2022 totaling \$14,391 in order to present the financial statements on a comparative basis.

CISCO COLLEGE DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
AUGUST 31, 2023 and 2022

Not Adopted

In June 2022, the GASB issued Statement No. 100, Accounting Changes and Error Corrections – An Amendment of GASB Statement No. 62, which enhances accounting and financial reporting requirements and accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of this statement are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter.

In June 2022, the GASB issued Statement No. 101, Compensated Absences, which updates the recognition and measurement guidance for compensated absences by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter.

The District is evaluating the impact, if any, upon its financial position, results of operations, or cash flows upon adoption of these statements.

Note 22: Prior Period Adjustments

A prior period adjustment totaling \$191,374 was made to establish a liability as of August 31, 2022 related to fiduciary balances. Unrestricted net position was reduced by \$191,374.

Accounts receivable and unearned revenues were increased by \$1,393,130 as of August 31, 2022 in order to present financial information on a gross basis for both years presented. Net position was not affected.

Note 23: Subsequent Events

Management has evaluated subsequent events through December 11, 2023; the date on which the financial statements were available for distribution.

Note 2: Significant accounting policies used in preparing the schedule.

The expenditures included in the schedule are reported for the District's fiscal year. Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported above represent funds which have been expended by the District for the purposes of the award. The expenditures reported may not have been reimbursed by the funding agencies as of the end of the fiscal year. Some amounts reported in the schedule may differ from amounts used in the preparation of the general purpose financial statements. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The District has followed all applicable guidelines issued by various entities in the preparation of the schedule. Since the District has a Department of Health and Human Services approved Indirect Recovery Rate it has elected not to use the 10% de minimis cost rate as permitted in the UG, section 200.414.

Overall Compliance and Internal Control Section

December 11, 2023

**To the Board of Regents
Cisco College District
Cisco, Texas**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the business-type and fiduciary activities of Cisco College District, as of and for the year ended August 31, 2023, and the related notes to the financial statements, which collectively comprise Cisco College District's basic financial statements, and have issued our report thereon dated December 11, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Cisco College District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Cisco College District's internal control. Accordingly, we do not express an opinion on the effectiveness of Cisco College District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Cisco College District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements (including the Public Funds Investment Act Chapter 2256, Texas Government Code), noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* or the Public Funds Investment Act.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in cursive script that reads "Condly and Company, L.L.P.".

Certified Public Accountants

December 11, 2023

**To the Board of Regents
Cisco College District
Cisco, Texas**

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE
UNIFORM GUIDANCE**

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Cisco College District's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance* that could have a direct and material effect on each of Cisco College District's major federal programs for the year ended August 31, 2023. Cisco College District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Cisco College District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Cisco College District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Cisco College District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Cisco College District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error and express an opinion on Cisco College District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards* and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Cisco College District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards* and the Uniform Guidance, we:

- exercise reasonable judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Cisco College District's compliance with the compliance requirements referred to above and performing such other procedures as we consider necessary in the circumstances.
- obtain an understanding of Cisco College District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to express an opinion on the effectiveness of Cisco College District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that we have not identified.

Our audit was not designed to express an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
