2015 IRS TAX RETURN TRANSCRIPT

There are two options available for you to get your tax information to the Cisco College Financial Aid

1 – USE THE FAFSA DATA RETRIEVAL TOOL

Students and parents, who filed their IRS tax return, are able to transfer their information directly into their application by using the IRS Data Retrieval Tool (DRT) option on the FAFSA.

TO USE THE IRS DATA RETRIEVAL TOOL:

- Log into www.fafsa.gov to complete or correct your FAFSA by using your FSA ID
- Click on the “Financial Information” and/or “Parent Financial Information” tab at the top of the page
- Answer the questions in the first **BOX** to see if you are eligible to use the DRT
- If eligible, follow the prompts to “Link to IRS” — parent(s) will have to enter their FSA ID for their taxes
- Review the information displayed and select the “Transfer My Information into the FAFSA” option
- Once information is transferred, you **MUST** sign and submit the FAFSA again — parent(s) too, if applicable
