Students who successfully complete WECM courses in specific applied science degrees may petition for a limited number of elective credit hours to be awarded after admission to UT Dallas. Students interested in petitioning for credit should see their academic advisor to determine the best application of elective credit. Students must weigh the advantages of accepting elective credit through these programs against the possible impact such credit might have on tuition rebate eligibility and their readiness for subsequent courses in an academic sequence. Students interested in petitioning for credit should submit a Transfer Credit Earned Prior to Attending UTD Approval Form (TCEP), which is available on the Registrar's Electronic Forms website.

Degrees Accepting WECM Credit

Please note that not all UT Dallas academic departments accept WECM courses. Only students pursuing degrees in the following majors at UT Dallas may be eligible to receive elective credit for WECM courses:

CRIMINOLOGY

The following applied science programs may be used to provide up to an additional 8 hours of lower-level elective credit for specific applied science coursework:
