### **FOR IMMEDIATE RELEASE**

#### **Cisco College Announces the Recipient of the Brookshire Grocery Company Endowment Scholarship**

*Cisco, Texas - September 23, 2021* - Cisco College is proud to announce Keigan Nichols the recipient of the Brookshire Grocery Company endowment scholarship.

The Cisco College Scholarship Committee researched students' eligibility for the scholarship and determined that Miss Nichols met all of the criteria. Miss Nichols is a student who has excelled and has had to overcome many obstacles along the way.

Nichols graduated in 2019 from Cisco High School, where she participated in cheer, track, and basketball. She was also a member of the National Honor Society. Nichols has coached cheer and was a staff member for the National Cheer Association in 2019.

She began at Cisco College in the fall of 2019 on a cheer scholarship for her first year. Her future plans are to graduate from Cisco College with her associate's degree and to pursue a career as a dental hygienist.

The Brookshire scholarship rewards students for their dedication, hard work, and outstanding academic achievements by providing tuition assistance to students. The scholarship opens doors to students who would not otherwise be able to attend college. Students are awarded the scholarship based on financial need, academic achievements, and leadership.

“Cisco College and Brookshire Grocery Company understand the importance of investing in the communities we serve,” said Dr. Thad Anglin, President of Cisco College. “We’re proud of the partnership we continue to build which focuses on opening doors to

education for students that might not otherwise have the means to continue their education.”

“The Focus on the Future scholarship program is just one example of this,” he added. “The program is dedicated to education and giving back to those who aspire to build a better future for themselves, their families, and communities.”

More information about scholarships can be found at [Cisco.edu](http://Cisco.edu).

### ***About Cisco College***

Since first admitting students in 1940, Cisco College has offered programs and activities intended to encourage lifelong learning and enhance the quality of life in the communities it serves.

As a member of the Texas state system of publicly supported institutions of higher education, Cisco College maintains an open-door admissions policy and provides an array of learning, skill development and life experiences to motivate and challenge students. Classes are offered at two primary locations, Cisco and Abilene, in addition to several other off-campus sites. The College strives to maintain a student/faculty ratio which facilitates close interaction between faculty and students.

Cisco College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award Associate level degrees.
