I wanted to see what the current channel line-up you had was. If you have a list handy that'd be great. We just want to make sure we're proposing a line-up that covers everything you're looking for (including what your local network and sports channels are).

[Are you asking for a program or channel line up? We are requesting a very basic cable service. Basic Cable is what we refer to it as. Does this answer your question?](#)

Hi Ms. Massey,

I work with Privatel Inc., a cable television and internet provider. I was reading through your RFO, and I did not see a cable television line-up for the school.

Would you be able to provide one for us?

Thanks!

Sincerely,

Bill Bodkin
